

# Trident

**T**RIDENT – A combination of Auto-Sleeper's legendary design and craftsmanship with Volkswagen's proven reliability and durability.

The interior is finished in colour co-ordinated materials with the cab seats trimmed in a hardwearing velour. Cabinet work reflects true Cotswold craftsmanship; polished hardwood edging, meticulously fitted furniture units, and hinged lids for the cooker and sink underline the detail design.

Crockery for four is housed in a glass-fronted cupboard and the two cubic foot gas/12 volt/240 volt refrigerator incorporates electronic ignition and freezer compartment.

Further detail touches include a sliding window with integral flyscreen, mains hook-up with earth leakage and overload circuit breakers, chemical toilet, electrical control panel, dash top storage tray, swivelling passenger seat, cab table, and a stainless steel

## Comfort through craftsmanship

roof rack and ladder.

The Trident complies with the SMMT Code of Practice for motor caravans and added security is provided by fire retardant foams in all seats and cushions, rear seat restraint straps and a child proof lock on the side sliding door.

Also included in this high level of specification is the twin headlamp front grill, new style bumpers and spoiler, heated rear window with wash/wipe, intermittent two speed windscreen wipers and even an illuminated vanity mirror.

For those seeking that little extra, the choice of optional equipment includes automatic transmission (petrol engine vehicles only), 2.1 fuel injected petrol engine, two diesel options, syncro four-wheel drive, thermostatically-controlled blown air heating and flyscreens for the roof windows.

**All in all, the TRIDENT – a leader in its class – will delight even the most fastidious owner.**
