

1985 Motor Caravan of the Year

Volkswagen Auto-Sleeper Hi-Top * Best conversion

To give you instant holiday luxury throughout the year, Auto-Sleepers one of Europe's most established manufacturers of motor caravans, offer a range that provides the ultimate in comfort, design and quality. Only the best materials are used, whilst the design is such that, depending on the model chosen, you can have either two single beds or a double bed, hot and cold water, refrigerator, flushing toilet, externally fuelled interior heater and even a cocktail cabinet.

As official converters for Bedford, Freight Rover, the Talbot Motor Company, the Ford Motor Company, Renault UK and VAG (Volkswagen), all vehicles are built in excess of the required engineering standards, so you need have no worries concerning warranty.

The high standard to which vehicles are produced is underlined by the fact that during the 25 years the Company have been manufacturing motor caravans, they have won numerous awards, including four Gold Medals in International Coachwork Competitions.

Sold in most European countries, the Auto-Sleeper is designed for use in summer or winter, whilst, thanks to its compact size, it is equally at home on shopping trips or on holiday in the South of France.

For full details, colour brochures and Auto-Sleeper Magazine, contact either your nearest Auto-Sleeper Distributor or write direct to the manufacturers.
